

SISTEMA

# I Rombi

“I Rombi” system

Composizione formata da spot e canaline da 16 mm. di diam.

Lo spot, comprensivo di raccordo, è formato da una base in ottone anticato o in nichel satinato e da un modulo portalamпада in ceramica, con finitura bianco lucido o nero matt. Può essere utilizzato come spot singolo o con varie uscite che permettono la realizzazione di un rombo. Le canaline da abbinare, sono disponibili nelle stesse finiture dello spot.

The composition includes spot and conduits 16 mm. diam.

The spot consists of a base in antique brass or satin nickel and from a ceramic lamp holder, glossy white or matt black finishing. It can be used as a single spot or with more outputs that allow the realization of a rhombus.

Conduits are available in the same finishes of the spot.

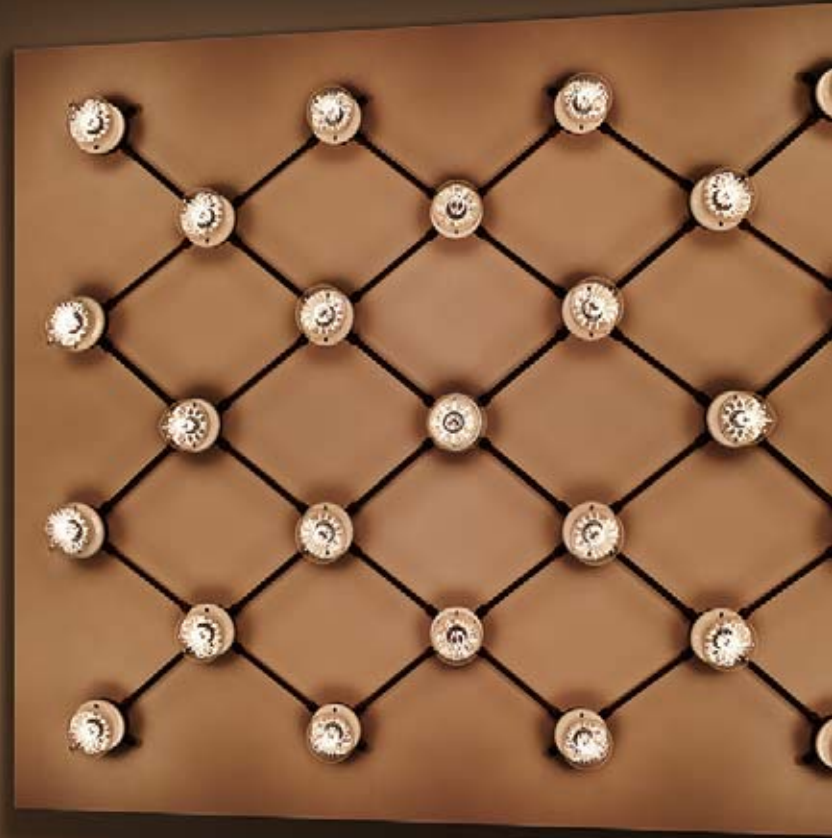

Insieme composto da:  
Set made of:

- 6) Art. SR75/O/BL
- 8) Art. SR105/O/BL
- 20) Art. SR4/O/BL
- 3) Art. SR3B/O/BL
- 58) Art. LIN2/O/25

Attenzione: è necessario ricevere il disegno grafico contenente le misure indicative della struttura ed il totale dei punti luce desiderati. La lunghezza delle canaline sarà quotata in base a questi dati.

Notice: it's necessary to receive the listed graphic drawing that contains the indicative measurements of the structure and the total of the desired light points. The length of the conduits will be quoted on the basis of these data.

**Colore modulo portalampada in ceramica**  
Ceramic lamp holder color

**BL** = Bianco lucido / Glossy white

**NM** = Nero matt / Matte Black

\* Questa è la lunghezza standard della canalina, che però può variare in base alle quote della struttura richiesta.

\* This is the standard length of the conduits, which however can change according to the dimensions of the required structure.
